

Lukáš Alarcón Calderón

Hello! I'm Lukáš Alarcón Calderón. I am passionate about programming and computer technology. I am a skilled Full-stack web developer with 6 years of experience, currently looking to extend my portfolio with DevOps skills and cloud automation, which is very quickly becoming my new passion in IT technology. I am learning to automate and manage a CI/CD pipelines using Jenkins, Terraform, GIT, Ansible. My main focus is AWS.
